Big Liners Will Stop

With the calling into Wrangell of the big liner Northwestern last Saturday, Wrangell is again on the list for the big ships of the Alaska Steamship Company for the summer months. This means that the Northwestern, Alameda and Mariposa will each make this a regular port of call, and with the Jefferson and Dolphin will give us a steamer of this line ever three days. The next steamer of this line will be the Mariposa due here April 2nd and the Dolphin on April 6th.

Friday Night At The Rink

Friday night we are going to show one of the two part Dramas that has appeared in Wrangell in many a month. Suffice to say that J. Rogers Lytton and little Casey of Vitagraph fame will be the headliners. This duo needs no introduction as you have seen them before. In connection with this feature we will have two comedies and a Hearst Selig News taken in all parts of the world. We have spared no expense to get the best that the market affords, so lay that old hammer to one side and come down and see the show. Adv.

Ticket For Election

It began to look as though no one wanted to serve on the council this year, as five of the men nominated at the caucus meeting last Thursday withdrew, leaving only six who were willing to run, and as this was not enough for the council, Mayor Emery sent out a call for another caucus which was held last night, and the following were nominated:

A. Myers,
Frank Spaulding,
Chas. Bryant.

These in connection with the following six from the first meeting will make up the ticket for election next Tuesday;

C. A. Emery,
J. G. Grant
Arnt Sorset
N. M. Tate
L. C. Patenaude
Ed. Lindman

And the following for the school board:

F. Matheson, Clerk
H. D. Campbell, Director.

On board the Jefferson last Tuesday was Mr. Smithers the new District Attorney for this district on his way to Juneau to take up his new duties. Mr. Smithers is from Tennessee and has the appearance of a man who can and will do his duty.

Election Tuesday

Remember that next Tuesday is the Municipal Election so do your duty towards your town and come out and support the men who will bear the blunt of the city affairs during the coming year. There are nine good men on the ticket and it is certain that any seven elected from the number will make a good council.

Social A Big Success

The ladies basket ball team of the city are certainly busy these days getting ready for that trip to Ketchikan to even up that defeat at the hands of the ladies from the First City. The Social and Dance given Saturday last at the Wrangell Hotel was a very successful affair. The lunch was bounteous and well served in the dining room of the hotel which was arranged very pretty. You could eat and dance to your hearts content. Miss Lynch and Bob Royalty were the musicians and everyone say that they should rank as Professor in the future. The ladies cleared about \$35.00 which amount will help pay expenses to Ketchikan.

The Rink. "The Million Dollar Mystery".

Notice Of Town Election

NOTICE is hereby given that the annual municipal election for the Town of Wrangell, Alaska, will be held in the Council Rooms, Town Hall, on Tuesday, April 6th 1915; between the hours of 10 o'clock a. m. and 7 o'clock p. m. of said day, without closing.

This election will be held for the purpose of electing a Common Council of seven members, and two members of the School Board, a clerk to fill the unexpired term of L. P. Dawes, and one member for a three year term.

By order of the Common Council of Wrangell, Alaska; made this 4th day of March, 1915.

PAUL F. STANHOPE,
Town Clerk

Fisherman Dies At Hospital

Mr. Chas. Kindling passed away at the Wrangell Hospital last Tuesday morning following a few weeks sickness. Death was caused by pneumonia. The deceased was a fisherman, having lived here but a short time. His remains were laid to rest in the local cemetery, Capt. Smith of the Salvation Army presiding at the funeral.

Campbell Boys Launch New Boat

Earnest and Leonard Campbell launched their new cruiser from the Wm. Fletcher boat shop last Sunday morning. The boat is a pretty V-bottomed model, 24 feet long with a 6 foot beam and is powered with a 6 h. p. Gray engine. The new boat took the water like a bird, and the boys certainly have something to be proud of. The only thing that seems to worry them now is a name for her, which has not been decided as yet.

Fire Company Gets Call

The Fire Department was called out last Saturday afternoon when a small blaze was discovered on the roof at the shingle mill. The fire boys responded in a hurry and the blaze was extinguished before any damage was done.

A good show at the Wrangell Photo show tonight.

Delegate Boosting Will Give Dry Straits Minstrel Show

James Wickersham, our Honorable Delegate, the man that is making good in Washington, was in our city for a short minutes last Tuesday. Mr. Wickersham did not get to see all those that he wished to as Capt. Nord was in a hurry. Mr. Wickersham was very enthusiastic over the survey of Dry Straits, and stated that the bill had passed before he left Washington and that a government engineer would be along in the early summer to start the survey, as the work will be done under the supervision of the War Department. So it behooves we of Wrangell to give him every aid in our power on his arrival.

Jim Mattson Smashes His Left Leg

Jim Mattson was brought in on the Uncle Dan from Tokene to the Wrangell Hospital for medical treatment. Jim has been working at the marble quarry of the Vermont Marble Company at that place and early last week was accidentally caught by a slab of the marble and left leg smashed pretty bad. Dr. Pigg reports him improving very good and that he will soon be around again.

We have the goods, the Rink.

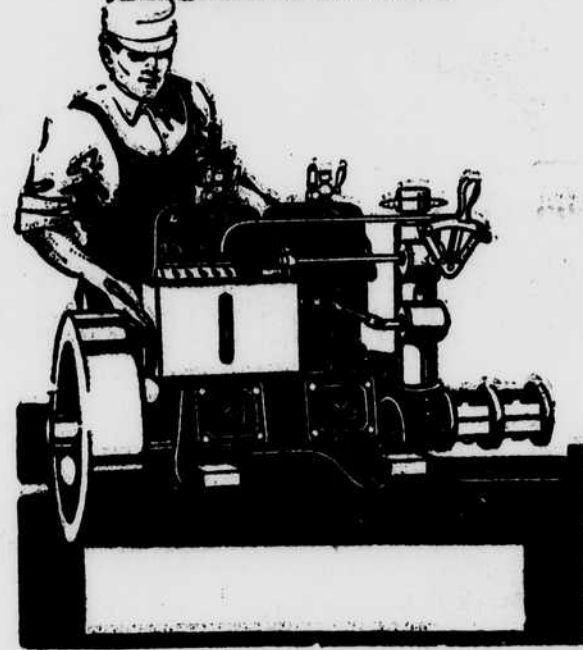

The Ladies Civic Improvement Club of Wrangell intended to give a play in the near future intitled, "All A Mistake", but in looking over the available cast found it impossible. Mr. George Skelton who has had a wide experience in Minstrels has consented to give his time and efforts to the Ladies, and give a Minstrel Show.

We feel safe in saying that it will be some show. Mr. Skelton was one of the committee of three which arranged and staged a minstrel show for the Boston Emergency Hospital, the proceeds of which were about \$35,000 in a run at the Boston Theater. George has been associated with McIntyre and Heath, of Ham Tree fame and also with Williams and Walker a "Dahomee", and was for four years one of the principal actors in the Boston Cadet Shows. Mr. Skelton will conduct the chorus and will appear in the specialties of the Olio.

With the cooperation of the home talent we look forward to a show such as Wrangell has not had the pleasure of seeing.

A fully equipped gas boat, 35 feet long, 10 foot beam, two cylinder 15 h. p. Truscott engine, 4 cycle; Storage batteries, magneto wet cells, etc. For only \$350. Call and see C. D. Livesay, Wrangell.

Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the *type* is shifted—not the *carriage*.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. typewriting is free from blurs and every letter in the right place.

Get Off Your Foot Gus!

The City of Seattle pulled into Wrangell last Tuesday afternoon at 1 P. M. and stayed here until 8:30 timing herself to catch the tide through the Narrows. The Jefferson arrived at 3 P. M. and blew her half hour whistle on arriving. Better get off your foot Gus and stick around awhile. It is just as well to lay at the dock here as to anchor at the Narrows. It is this small town freight that helps you get you meal ticket. So next time you have to wait for the tide give us a chance to see your passenger list.

Lets get in these nice days and put on a little paint on the old buildings of the town. Soon the tourists will be flocking to Alaska in greater numbers than ever before, so lets brighten up a little and show them what an ideal town we have.

You would think that serving on the council was a hard job, by the way men run away from it.

Remember, Election Day, next Tuesday.

Notice is hereby given that we, John McCallum and Louis Olsen, have been duly appointed executors of the above named Estate of Fred Brockman; All persons having claims against said Estate are notified to file the same within six months from the date of this notice with either of us or with the U. Acid Injures Leather and Rubber.
Now that electric lighting and electric starting systems have come into general use on automobiles it is timely to discuss the destructive effect of acid from the storage battery to leather fabrics and rubber. The acid should not be splashed indiscriminately over the car parts. If it should drop on leather, rubber or fabric it should immediately be washed off with clean cold water. Ammonia will neutralize the acid and minimize the discoloring action of the solution if it gets on the clothes. Strong ammonia, however, is not advisable in removing acid stains from the car, inasmuch as it has a discoloring effect.

Wm. Loyd is reported very sick this week. Dr. Shurick is attending him.

M. O. Johnson the new sawyer for the Saw Mill arrived on the Spokane last Friday.

Dr. Emery was a passenger for Petersburg on the Jefferson last Tuesday on a short business trip.

F. Matheson went north on the Jefferson last Tuesday bound for Juneau on a short business trip.

J. G. Grant is cleaning out the lot next to the Wrangell Hotel and will put up a platform there.

Richard Hofstad is a busy man these days remodeling his boat the Helen. Richard is taking out the fish hold and will make a large cabin cruiser of the vessel.

According to reliable parties on the Jefferson, Leo McCormack is married, as they stated that they met them in Seattle.

Work is rapidly progressing on the new currier of Mr. Matheson's at Fletcher's Boat Shop, and will be ready for the water in the course of two weeks.

J. Rodgers Lytton at the Rink Friday night.

Summer is here for sure, and to prove it Tom Case opened up his Ice Cream parlor last Sunday. Tom is right there for the early bird and says he is going to carry one of the best lines of fresh fruit in the town this summer.

The remodeling of the St. Michael Trading Co. store is coming right to the front, and when completed will be as fine as any in the country.

The Rink. "The \$1,000,000 Mystery".

Olaf Otterson and crew with the A. P. A. driver are getting ready to drive piling and generally repair the Columbia and Northern dock. After this job is finished he will repair the sawmill dock.

"Red" Nickols was a passenger on the Jefferson Tuesday. "Red" was an old time candy drummer to Alaska, and hereafter will be in charge of the territory for Armour & Co. in place of Mr. Buell, who passed away recently at Seattle.

Get the habit. The Rink is the place.

Doctor Pigg and Fred Purinton are certainly up against it in an argument as to who is the best skater of the two. We are informed by reliable authority that there will be a race between them soon. They are waiting for the mill to turn out a little more saw dust to sprinkle the floor, as they say the floor is hard. We will bet on Doc.

If you want to see a real good show go to the Photoshow tonight.

Ladies Organise A Tennis Club

The ladies of Wrangell have organized a Tennis Club and are turning out for practice every Tuesday afternoon at the Rink. Wrangell is very fortunate in having a hall the size of the Rink for athletic purposes, as we have so much rain that most of the year it is impossible to play out door games.

"Stronghearts" Friday night at the Rink.

SEALED PROPOSALS will be received at the Office of the Light-house Inspector, Ketchikan, Alaska, until 5 o'clock p. m., April 1, 1915, and then opened, for furnishing approximately 55 M. feet spruce, 7 M. feet cedar, and 5 M. feet of fir lumber; miscellaneous hardware; roofing paper, and steel rail and fitting for Cape St. Elias Light Station. Blank proposals and particulars may be obtained by addressing the above office.

Weekly Service West Coast

From all appearances, by next
winter, the West Coast will be
having a weekly mail service in the
winter instead of twice a month.
Senator Sulzer has taken the mat-
ter up and introduced the following
memorial in the Alaska Legisla-
ture:

Senate Joint Memorial No.
Territory of Alaska, Second Session
The Honorable, the Postmaster
General of the United States:
Your Memorialists, the Legisla-
ture of the Territory of Alaska in
Second Session Assembled, Res-
pectfully Represented, That,

WHEREAS, the mails over
route 78076 are now being carried
weekly during eight months of
the year and semi-monthly during
the months of November, Decem-
ber, January and February; and

WHEREAS, the West Coast of
Prince of Wales Island is now
highly developed and settled and
this mail route serves the towns of
Shikan, Tokeen, Karheen, Warm
Chuck, Craig, Klawock, Water-
fall, Rose Inlet, Howkan, Hunter
Bay, Hydaburg, Coppermount
and Sulzer as well as numerous
mining and fishing camps, all of
which are as much in need of a
proper mail service during the
winter months as at other seasons;

WHEREAS, the thousands of
people residing on the West Coast
of Prince of Wales Island are now
greatly handicapped by lack of a
weekly mail service during said
four winter months.

THEREFORE, your memorial-
ists, request that a weekly mail
service during the entire year be
established on Route 78076.

And, we, your memorialists, will
ever pray:
